

## Ways Parents Can Help

- For a child's first experiences at church to be happy and meaningful, the major responsibility is in the hands of the parents.
- A child's adjustment to church is much more difficult after seven months of age, so we recommend bringing the child to church early and regularly. However, we do not recommend bringing newborns until they are six weeks old.
- Pray for your child's teachers each week.
- Attend parent activities planned for parents of preschoolers. These opportunities will equip you as a parent and allow us to work as a team in the spiritual development of your child.
- Begin talking to your child positively during the week about going to church. Use the child's teachers' names and the names of other friends in his/her class frequently when talking about happy times at church.
- Do not attempt to slip away from your child when you bring him/her to class. Tell him in a kind, firm voice that you are going but will be back soon. Then leave immediately. If your child continues to be upset, the teacher will come for you.
- Volunteer for extended session. Contact the Director of Preschool Ministries for more information.

The goal of the Preschool Ministry is to provide a safe, happy learning environment in which to meet the spiritual, physical, and emotional needs of young children.
